

The world's best health-related technology products made simple.

www.helloedlife.com

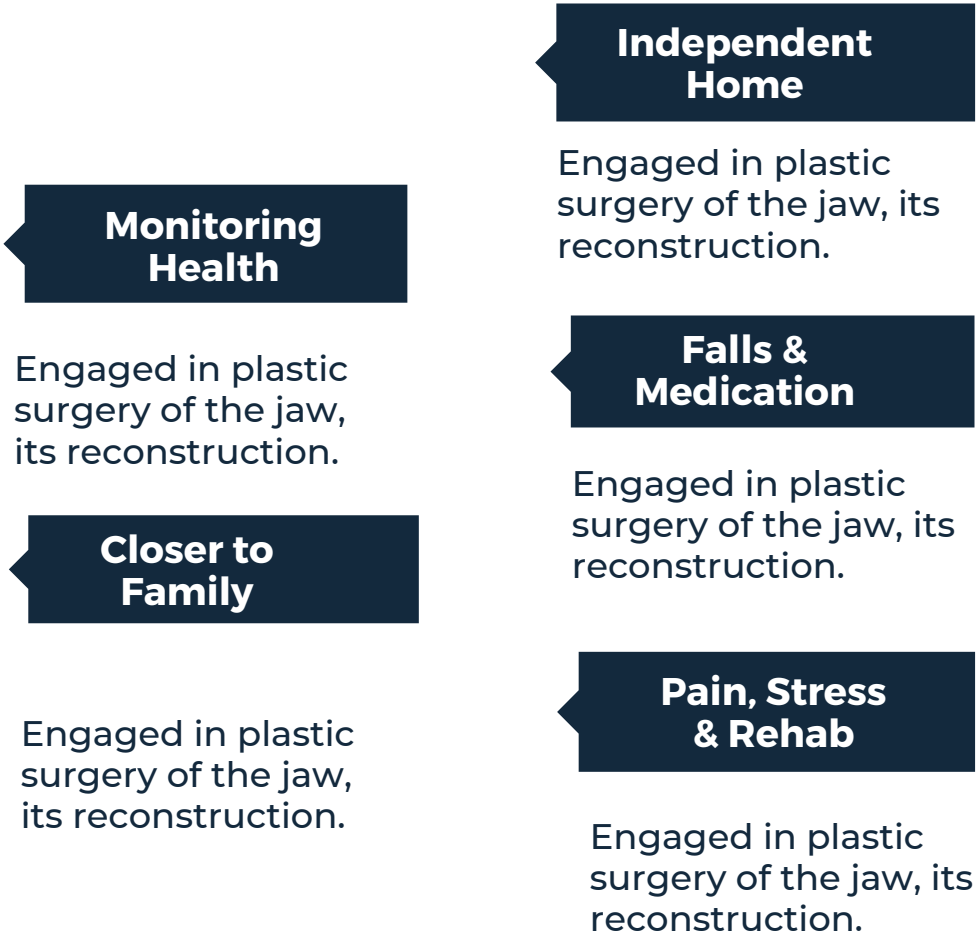

WE WANTED TO LET YOU KNOW..

As a health provider, we strive to give you the best care, and the most up-to-date choices and advice.

Sometimes, you'll leave care, and you or your family will be concerned with needs that occur between visits, while you are at home, or alone.

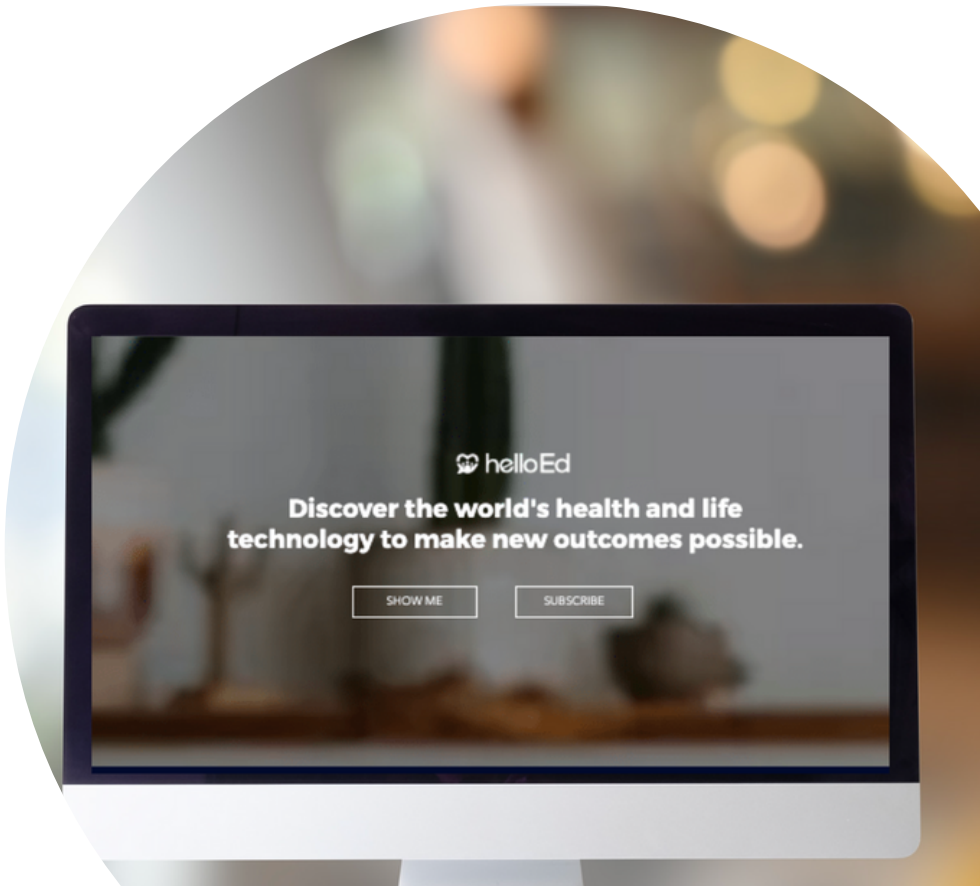

Health technology is evolving at a rapid pace, and though we don't recommend specific products, helloEd is freely available to browse the world's health-related technologies from 100's of providers, bringing you the top-rated products for you and your family to consider.

Check out helloEd to be inspired, discuss with family, search by keywords, or view collections of different needs and conditions, like "Playlists".

Conditions it may benefit, include collections available for General Health, Heart, Sleep & O2, Seizures, Dementia & Alzheimers, Parkinson's, Autism, Aging & Living Alone, Stress, Pain and Rehab.

- 1 Think about what's important
- 2 Browse what's possible
- 3 Bring those closest around you, your doctor, family, or health professional, to combine care and the products.

These devices do not constitute a recommendation, They should not be considered life saving devices. They may be left unworn, uncharged or unmonitored. Always consult your doctor, follow instructions, and contact the provider for more information.
